High performance protein powder; easily digestible and able to replace all protein sources. Packed with live enzymes, EFAs, vitamins, minerals and other co-factors to aid absorption. Enhancing performance for all the demands of modern life; excellent for the body and for the planet.

- Delicious, convenient, live, whole food product
- Complete raw plant protein including all the essential amino acids
- Optimal ratio of omega 6 to 3 essential fatty acids with 2-4% GLA
- Antioxidant factors with tocopherols, tocotrienols and chlorophyll
- Easily digested, non GM, gluten-free, and dairy-free
- 0.00% THC

Hemp Protein Powder is 50% Protein

- Easily digestible with 65% globulin edestin and 35% albumin protein, more than any other plant. These substances aid digestion and assimilation, and are in a form similar to that found in blood plasma.
- Contains natural antioxidants that prevent free radical damage and create an aerobic oxygenated body.
- Improves natural resistance, circulation, transfer/adjustment rate of oxygen to cells, organ function, waste removal, haemoglobin formulation, energy levels, metabolic recovery and tissue repair.
- Maintains the proper functioning of cell membranes.
- Supports cardiovascular health and maintenance.
- Balances all systems creating homeostasis and reduces unhealthy cravings.
- Modulates hormone balance and cycles -- PMS, menopause, perimenopause.
- Nourishes

Dear [HempUSA.org](#)

I wanted to write you guys and let you know how happy we are with your product. My wife, Kaytlin and I are in our mid 20's not suffering from any diseases, and were living pretty healthy before we heard about Hemp.

My wife is 8 months pregnant, and being such we both were putting on the pounds at a steady rate. For her that is good, but for me not so much. We are having a home-birth and have visited with our midwife numerous times over the past months. During these visits our midwife performs tests Kaytlin for

nutritional data and other information.

She was amazed at our most recent visit, a few day's back, about Kaytlin's obvious nutritional improvements based on what she had seen the last time. She explained to us how pleased she was with the test and complimented Katylin for her diligent "good eating" habits. We then shared with her our secret about how we'd discovered Mr. James' products and that Kaytlin had started taking Hemp powder just before our previous visit, which was about a month and a half apart.

She knew about the benefits of Hemp and encouraged her to keep using it daily. As far as myself, during that same period I shed 20 lbs without lifting a finger and haven't felt better in I don't know how long. Everyday I take two tablespoons for breakfast in my coffee, I take two at lunch in two glasses of water, and I eat some raw fruit/vegetable and maybe a piece of fish or any meat I might feel like eating at night.

It's amazing what we've saved on groceries and on little snacky foods, since that urge pretty much leaves you when you start taking hemp. If your out there wondering whether or not you should buy this product, trust me it is more than worth the money and you'll experience benefits almost immediately. Thanks again Tom and crew. Keep up the good work.

Mark and Katie
